New Loan Spotlight

Dan's Last Shot - Colome, SD

The ABC regional revolving loan fund continues to assist District III in administering the USDA Meat & Poultry Intermediary Lending Program (MPILP) funds. Dan's Last Shot of Colome does custom and wild game processing. In addition, they sell retail products such as jerky & sausage and they also offer taxidermy services. Dan & Heidi O'Bryan have owned the business for 25 years and they are the most recent borrowers to take advantage of the low-interest loan program. District III and ABC partnered with BankWest of Gregory to assist in an expansion project which will allow them to increase their processing capacities.

Please contact Teresa at District III regarding assistance with any loan fund questions or to make application.

Hazard Mitigation Plans

Hazard Mitigation (PDM) Plans serve as a strategic planning tool for use by counties and communities in efforts to mitigate future natural disaster events. In order to be the recipient of certain FEMA funding, counties are required to develop a hazard mitigation plan, review it annually and update it every 5 years. District III has been working with our 15 county members on the following 3-year cycle to update their PDM Plans:

<u>2025</u>	<u>2026 (early)</u>	<u>2026 (late)</u>	<u>2027</u>
Jerauld	Charles Mix	Douglas	Buffalo
Lyman	Gregory	Yankton	Hanson
Tripp	Hutchinson	Bon Homme	Aurora
	Davison	Brule	Sanborn

Thus far, all of the 2025 and early 2026 County plans have been approved by FEMA . John & Shannon appreciate your continued participation in the required meetings as this makes the process run more smoothly!
