## South Dakota Department of Agriculture & Natural Resources

### South Dakota's Brownfields Program

A Brownfields site is an abandoned, idled, or under-used industrial or commercial facility/property where expansion, redevelopment, or reuse may be complicated by the presence or possible presence of a hazardous substance, pollutant, or contaminant.

The SD Brownfields Program currently has funding available to assist with the redevelopment of Brownfields sites. This funding can be used to assist with the cost of Phase I or Phase II assessments and development of cleanup plans.

Municipalities, counties, or local development groups may apply for assistance.

For more information or assistance, please contact Brian at District III or visit their website: <https://danr.sd.gov/>

## CONGRATULATIONS!
